Effective date: December, 2025

Welcome to Chatfuel. These Terms of Use apply when you use the products and services of Chatfuel including our application programming interface, software, tools, data, documentation, application and website ("Services"). If you have any questions, comments, or concerns regarding these terms or the Services, please contact us at tos@chatfuel.com, 490 Post Street, Suite 526, San Francisco, CA 94102, USA.

These Terms of Use (the "Terms") are a binding contract between you or the organization on whose behalf you are accepting or otherwise agreeing to the terms and 200 Labs, Inc, d/b/a Chatfuel. ("Chatfuel," "we" and "us"). Your use of the Services is also governed by and subject to the Meta Platform Terms ([https://developers.facebook.com/policy)](https://developers.facebook.com/policy), Meta Commercial Terms (https://www.facebook.com/legal/commercial_terms), Facebook Terms for WhatsApp Business (https://www.whatsapp.com/legal/FB-terms-whatsapp-business?l=de), OpenAI Policies (https://openai.com/policies/), including Sharing and Publication Policy (https://openai.com/ru-RU/policies/sharing-publication-policy/); and Community Guidelines (https://openai.com/policies/usage-policies), TikTok for business commercial terms of service (https://ads.tiktok.com/i18n/official/policy/commercial-terms-of-service?). These Third-Party Terms are separate agreements between you and those providers and are not incorporated into these Terms.

You must agree to and accept all of the Terms, or you don't have the right to use the Services. Your using the Services in any way means that you agree to all of these Terms, and these Terms will remain in effect while you use the Services. These Terms include the provisions in this document, as well as those in the [Privacy Policy](#) and [Copyright Dispute Policy](#).

Will these Terms ever change?

We are constantly trying to improve our Services, so these Terms may need to change along with the Services. We reserve the right to change the Terms at any time, but if we do any material updates, we will bring it to your attention by placing a notice on the [Chatfuel.com](#) website, by sending you an email, and/or by some other means.

If you don't agree with the new Terms, you are free to reject them; unfortunately, that means you will no longer be able to use the Services. If you use the Services in any way after a change to the Terms is effective, that means you agree to all of the changes.

Except for changes by us as described here, no other amendment or modification of these

Terms will be effective unless in writing and signed by both you and us.

What are my rights in Chatfuel?

The materials displayed or performed or available on or through the Services, including, but not limited to, text, graphics, data, articles, photos, images, illustrations, User Submissions, and so forth (all of the foregoing, the "Content") are protected by copyright and/or other intellectual property laws. You promise to abide by all copyright notices, trademark rules, information, and restrictions contained in any Content you access through the Services, and you won't use, copy, reproduce, modify, translate, publish, broadcast, transmit, distribute, perform, upload, display, license, sell or otherwise exploit for any purpose any Content not owned by you, (i) without the prior consent of the owner of that Content or (ii) in a way that violates someone else's (including Chatfuel's) rights.

You understand that Chatfuel owns the Services. You won't modify, publish, transmit, participate in the transfer or sale of, reproduce (except as expressly provided in this Section), create derivative works based on, or otherwise exploit any of the Services.

The Services may allow you to copy or download certain Content; please remember that just because this functionality exists, doesn't mean that all the restrictions above don't apply – they do!

Do I have to grant any licenses to Chatfuel or to other users?

Anything you post, upload, share, store, or otherwise provide through the Services, including any Services Chatbots you create and/or communicate with through the Services, is your "User Submission." Some User Submissions are viewable by other users. In order to display your User Submissions on the Services, and to allow other users to enjoy them (where applicable), you grant us certain rights in those User Submissions. Please note that all of the following licenses are subject to our [Privacy Policy](#) to the extent they relate to User Submissions that are also your personally-identifiable information.

For all User Submissions, you hereby grant Chatfuel a license to translate, modify (for technical purposes, for example making sure your content is viewable on an iPhone as well as a computer) and reproduce and otherwise act with respect to such User Submissions, in each case to enable us to operate the Services, as described in more detail below. This is a license only – your ownership in User Submissions is not affected.If you store a User Submission in your own personal Chatfuel account, in a manner that is not viewable by any other user except you (a "Personal User Submission"), you grant Chatfuel the license above, as well as a license to display, perform, and distribute your Personal User Submission for the sole purpose of making that Personal User Submission accessible to you and providing the Services necessary to do so.

If you share a User Submission only in a manner that only certain specified users can view

(for example, a private message to a chatbot) (a "Limited Audience User Submission"), then you grant Chatfuel the licenses above, as well as a license to display, perform, and distribute your Limited Audience User Submission for the sole purpose of making that Limited Audience User Submission accessible to such other specified users, and providing the Services necessary to do so. Also, you grant such other specified users a license to access that Limited Audience User Submission, and to use and exercise all rights in it, as permitted by the functionality of the Services.

If you share a User Submission publicly on the Services and/or in a manner that more than just you or certain specified users can view, or if you provide us (in a direct email or otherwise) with any feedback, suggestions, improvements, enhancements, and/or feature requests relating to the Services (each of the foregoing, a "Public User Submission"), then you grant Chatfuel the licenses above, as well as a license to display, perform, and distribute your Public User Submission for the purpose of making that Public User Submission accessible to all Chatfuel users and providing the Services necessary to do so, as well as all other rights necessary to use and exercise all rights in that Public User Submission in connection with the Services for any purpose. Also, you grant all other users of the Services a license to access that Public User Submission, and to use and exercise all rights in it, as permitted by the functionality of the Services.

You agree that the licenses you grant are royalty-free, perpetual, sublicensable, irrevocable, and worldwide.

If you are using the free version of the Services, all your Services Chatbots created through the Services will automatically include an attribution to Chatfuel. You agree not to remove, modify, or obscure the Chatfuel attribution. For clarity, the Services Chatbots are themselves deemed Public User Submissions and whether you are using the free or paid version of the Services in creating Services Chatbots, you hereby grant Chatfuel a nonexclusive, royalty-free, irrevocable, worldwide license to (a) use any Services Chatbots you create in Chatfuel's marketing materials (such as on Chatfuel.com) and (b) provide any templates for the creation of such Services Chatbots to any other users of the Services, as part of the Services offerings.

In addition to the above, we may track and collect data regarding your usage of the Service ("User Data"). In addition to the licenses granted above, you grant Chatfuel a royalty-free, perpetual, sublicensable, irrevocable, and worldwide right and license to use, store, copy, creative derivatives, and archive User Data and the Content that you generate or upload (i) to create anonymized compilations and analyses of User Data that is combined with data from numerous other users ("Aggregate Data"), and (ii) to create, develop, and enhance tools and functionalities in connection with the Services. Chatfuel shall have exclusive ownership rights to, and the exclusive right to use and distribute, such Aggregate Data for any purpose. Chatfuel shall not, however, distribute Aggregate Data in a manner that is identifiable as User Data. Finally, you understand and agree that Chatfuel, in performing the required technical steps to provide the Services to our users (including you), may need to make changes to your User Submissions to conform and adapt those User Submissions to the technical requirements of connection networks, devices, services, or media, and the foregoing licenses include the rights to do so.

Also you grant us a limited, non-exclusive, worldwide, royalty-free license to use your name and logo solely for the purpose of identifying you as a client of Chatfuel on Chatfuel's website, marketing materials, and customer lists. You may revoke this permission at any time by providing written notice to Chatfuel by contacting us team@chatfuel.com, and we will promptly cease such use.

What if I see something on the Services that infringes my copyright?

You may have heard of the Digital Millennium Copyright Act (the "DMCA"), as it relates to online service providers, like Chatfuel, being asked to remove material that allegedly violates someone's copyright. We respect others' intellectual property rights, and we reserve the right to delete or disable Content alleged to be infringing, and to terminate the accounts of repeat alleged infringers; to review our complete Copyright Dispute Policy and learn how to report potentially infringing content, [click here](). To learn more about the DMCA, click [here]().

Who is responsible for what I see and do on the Services?

Any information or content publicly posted or privately transmitted through the Services, and any Services Chatbots, are the sole responsibility of the person from whom such content originated, and you access all such information and content at your own risk, and we aren't liable for any errors or omissions in that information or content or for any damages or loss you might suffer in connection with it. We cannot control and have no duty to take any action regarding how you may interpret and use the Content or what actions you may take as a result of having been exposed to the Content, and you hereby release us from all liability for you having acquired or not acquired Content through the Services. We can't guarantee the identity of any users with whom you interact in using the Services and are not responsible for which users gain access to the Services.

You are responsible for all Content you contribute, in any manner, to the Services, and you represent and warrant you have all rights necessary to do so, in the manner in which you contribute it. You will keep all your registration information accurate and current. You are responsible for all your activity in connection with the Services.

The Services may contain links or connections to third party websites or services that are not owned or controlled by Chatfuel. When you access third party websites or use third party services, you accept that there are risks in doing so, and that Chatfuel is not responsible for such risks. We encourage you to be aware when you leave the Services and to read the terms and conditions and privacy policy of each third party website or service that you visit or utilize.

Chatfuel has no control over, and assumes no responsibility for, the content, accuracy, privacy policies, or practices of or opinions expressed in any third party websites or by any third party that you interact with through the Services. In addition, Chatfuel will not and cannot monitor, verify, censor or edit the content of any third party site or service. By using the Services, you release and hold us harmless from any and all liability arising from your use of any third party website or service.

Your interactions with organizations and/or individuals found on or through the Services, including payment and delivery of goods or services, and any other terms, conditions, warranties or representations associated with such dealings, are solely between you and such organizations and/or individuals. You should make whatever investigation you feel necessary or appropriate before proceeding with any online or offline transaction with any of these third parties. You agree that Chatfuel shall not be responsible or liable for any loss or damage of any sort incurred as the result of any such dealings.

If there is a dispute between participants on this site, or between users and any third party, you agree that Chatfuel is under no obligation to become involved. In the event that you have a dispute with one or more other users, you release Chatfuel, its officers, employees, agents, and successors from claims, demands, and damages of every kind or nature, known or unknown, suspected or unsuspected, disclosed or undisclosed, arising out of or in any way related to such disputes and/or our Services. If you are a California resident, you shall and hereby do waive California Civil Code Section 1542, which says: "A general release does not extend to claims which the creditor does not know or suspect to exist in his or her favor at the time of executing the release, which, if known by him or her must have materially

affected his or her settlement with the debtor."

Will Chatfuel ever change the Services?

We're always trying to improve the Services, so they may change over time. We may suspend or discontinue any part of the Services, or we may introduce new features or impose limits on certain features or restrict access to parts or all of the Services. We'll try to give you notice when we make a material change to the Services that would adversely affect you, but this isn't always practical. Similarly, we reserve the right to remove any Content from the Services at any time, for any reason (including, but not limited to, if someone alleges you contributed that Content in violation of these Terms), in our sole discretion, and without notice.

Do the Services Cost Anything?

Chatfuel currently offers both a free version of the Services and paid versions of the Services, the Pro Subscription Plan and the Premium Subscription Plan ("Paid Services"). If you are using a free version of the Services, we will notify you before any Services you are then using begin carrying a fee, and if you wish to continue using such Services, you must pay all applicable fees for such Services. Chatfuel reserves the right to charge for certain or all services in the future.

a. Paid Services. If you are using our Paid Services, you will be subject to payments. Please see our Pricing Terms page <https://chatfuel.com/pricing/> for a description of the current Paid Services. Payments for Paid Services may vary monthly as set forth in the Pricing Terms. You agree that we may accumulate charges incurred and submit them as one or more aggregate charges during or at the end of each billing cycle. Please note that any payment terms presented to you in the process of using or signing up for a Paid Service are deemed part of these Terms.

b. Billing. We may bill you directly through an invoice or use a third-party payment processor (the "Payment Processor") to bill you through a payment account linked to your account on the Services (your "Billing Account") for use of the Paid Services. If you are billed through a Payment Processor, the processing of payments will be subject to the terms, conditions and privacy policies of the Payment Processor in addition to these Terms. Currently, we use Stripe, Inc. as our Payment Processor. You can access Stripe's Terms of Service at https://stripe.com/us/checkout/legal and their Privacy Policy at https://stripe.com/us/privacy. We are not responsible for any error by, or other acts or omissions of, the Payment Processor. By choosing to use Paid Services, you agree to pay us, either directly or through the Payment Processor, all charges at the prices then in effect for any use of such Paid Services in accordance with the applicable payment terms, and you authorize us, either directly or through the Payment Processor, to charge your chosen payment provider (your "Payment Method"). You agree to make payment using that selected Payment Method. We reserve the right to correct any errors or mistakes that the Payment Processor makes even if it has already requested or received payment. All amounts due from you to Chatfuel shall be paid in full without any set-off, counterclaim, deduction or withholding. If we, either directly or through the Payment Processor, do not receive payment from you by the due date, you agree to pay all amounts due on your Billing Account upon demand. Additionally, we reserve the right to apply a late payment fee to the outstanding balance, calculated from the due date until payment is received in full.

c. Payment Method. The terms of your payment will be based on your Payment Method and may be determined by agreements between you and the financial institution, credit

card issuer or other provider of your chosen Payment Method. Any agreement you have with your payment provider will govern your use of your Payment Method. If we, either directly or through the Payment Processor, do not receive payment from you, you agree to pay all amounts due on your Billing Account upon demand.

d. Recurring Billing. Some of the Paid Services may consist of an initial period, for which there is a one-time charge, followed by recurring period charges as agreed to by you. By choosing a recurring payment plan, you acknowledge that such Services have an initial and recurring payment feature and you accept responsibility for all recurring charges prior to cancellation. WE MAY SUBMIT PERIODIC CHARGES (E.G., MONTHLY) WITHOUT FURTHER AUTHORIZATION FROM YOU, UNTIL YOU PROVIDE PRIOR NOTICE (RECEIPT OF WHICH IS CONFIRMED BY US) THAT YOU HAVE TERMINATED THIS AUTHORIZATION OR WISH TO CHANGE YOUR PAYMENT METHOD. SUCH NOTICE WILL NOT AFFECT CHARGES SUBMITTED BEFORE WE REASONABLY COULD ACT. TO TERMINATE YOUR AUTHORIZATION OR CHANGE YOUR PAYMENT METHOD, GO TO YOUR ACCOUNT SETTINGS .

e. Current Information Required. YOU MUST PROVIDE CURRENT, COMPLETE AND ACCURATE INFORMATION FOR YOUR BILLING ACCOUNT. YOU MUST PROMPTLY UPDATE ALL INFORMATION TO KEEP YOUR BILLING ACCOUNT CURRENT, COMPLETE AND ACCURATE (SUCH AS A CHANGE IN BILLING ADDRESS, CREDIT CARD NUMBER, OR CREDIT CARD EXPIRATION DATE), AND YOU MUST PROMPTLY NOTIFY US OR OUR PAYMENT PROCESSOR IF YOUR PAYMENT METHOD IS CANCELED (E.G., FOR LOSS OR THEFT) OR IF YOU BECOME AWARE OF A POTENTIAL BREACH OF SECURITY, SUCH AS THE UNAUTHORIZED DISCLOSURE OR USE OF YOUR USER NAME OR PASSWORD. CHANGES TO SUCH INFORMATION CAN BE MADE AT YOUR ACCOUNT SETTINGS. IF YOU FAIL TO PROVIDE ANY OF THE FOREGOING INFORMATION, YOU AGREE THAT WE MAY CONTINUE CHARGING YOU FOR ANY USE OF PAID SERVICES UNDER YOUR BILLING ACCOUNT UNLESS YOU HAVE TERMINATED YOUR PAID SERVICES AS SET FORTH ABOVE.

f. Auto-Renewal for Paid Services. Unless you opt out of auto-renewal, which can be done through your account settings, any Paid Services you have signed up for will be automatically extended for successive renewal periods of the same duration as the subscription term originally selected, at the then-current non-promotional rate. To change or resign your Paid Services at any time, go to your account settings. If you terminate a Paid Service, you may use your subscription until the end of your then-current term, and your subscription will not be renewed after your then-current term expires. However, you will not be eligible for a prorated refund of any portion of the subscription fee paid for the then-current subscription period. IF YOU DO NOT WANT TO CONTINUE TO BE CHARGED ON A RECURRING MONTHLY BASIS, YOU MUST CANCEL THE APPLICABLE PAID SERVICE THROUGH YOUR ACCOUNT SETTINGS OR TERMINATE YOUR CHATFUEL ACCOUNT BEFORE THE END OF THE RECURRING TERM. PAID SERVICES CANNOT BE TERMINATED BEFORE THE END OF THE PERIOD FOR WHICH YOU HAVE ALREADY PAID, AND EXCEPT AS EXPRESSLY PROVIDED IN THESE TERMS, CHATFUEL WILL NOT REFUND ANY FEES THAT YOU HAVE ALREADY PAID.

g. Reaffirmation of Authorization. Your non-termination or continued use of a Paid Service reaffirms that we are authorized to charge your Payment Method for that Paid Service. We may submit those charges for payment and you will be responsible for such charges. This does not waive our right to seek payment directly from you. Your charges

may be payable in advance, in arrears, per usage, or as otherwise described when you initially selected to use the Paid Service.

h.   Refund policy. You can ask for a refund through the Chatfuel Dashboard or by contacting us team@chatfuel.com. The refund will proceed during 30 days.

How long my messenger's history be kept

Anything you or your customers post, share, store, or otherwise provide through the Services is kept by Chatfuel for 3 months. This restriction is applied to both active or terminated accounts.

What if I want to stop using Chatfuel?

You're free to stop using the Services at any time contacting the support team team@chatfuel.com or using the Chatfuel interface. The change will take effect at the end of the current billing cycle, and you will no longer be charged for the plan. You may still receive charges for all amounts due for the usage before the termination (late fees). Please refer to our [Privacy Policy,](https://chatfuel.com) as well as the licenses above, to understand how we treat information you provide to us after you have stopped using our Services.

Chatfuel is also free to terminate (or suspend access to) your use of the Services or your account, for any reason in our discretion, including your breach of these Terms. Chatfuel has the sole right to decide whether you are in violation of any of the restrictions set forth in these Terms.

Account termination may result in destruction of any Services Chatbots and Content associated with your account, so keep that in mind before you decide to terminate your account. We will try to provide advance notice to you prior to our terminating your account so that you are able to retrieve any important User Submissions you may have stored in your account (to the extent allowed by law and these Terms), but we may not do so if we determine it would be impractical, illegal, not in the interest of someone's safety or security, or otherwise harmful to the rights or property of Chatfuel.

Provisions that, by their nature, should survive termination of these Terms shall survive termination. By way of example, all of the following will survive termination: any obligation you have to pay us or indemnify us, any limitations on our liability, any terms regarding ownership of intellectual property rights, and terms regarding disputes between us.

What else do I need to know?

SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF CERTAIN DAMAGES, SO THE ABOVE LIMITATION AND EXCLUSIONS MAY NOT APPLY TO YOU.

Indemnity. To the fullest extent allowed by applicable law, You agree to indemnify and hold Chatfuel, its affiliates, officers, agents, employees, and partners harmless from and against any and all claims, liabilities, damages (actual and consequential), losses and expenses (including attorneys' fees) arising from or in any way related to any third party claims relating to (a) your use of the Services (including any actions taken by a third party using your account), and (b) your violation of these Terms. In the event of such a claim, suit, or action ("Claim"), we will attempt to provide notice of the Claim to the contact information we have for your account (provided that failure to deliver such notice shall not eliminate or reduce your indemnification obligations hereunder).

You may not assign, delegate or transfer these Terms or your rights or obligations hereunder, or your Services account, in any way (by operation of law or otherwise) without Chatfuel's prior written consent. We may transfer, assign, or delegate these Terms and our rights and obligations without consent.

Choice of Law; Arbitration. These Terms are governed by and will be construed under the laws of the State of California, without regard to the conflicts of laws provisions thereof. Notwithstanding the foregoing obligation to arbitrate disputes, each party shall have the right to pursue injunctive or other equitable relief at any time, from any court of competent jurisdiction. For all purposes of this Agreement, the parties consent to exclusive jurisdiction and venue in the state or federal courts located in, respectively, San Francisco County, California, or the Northern District of California. **Any arbitration under these Terms will take place on an individual basis: class arbitrations and class actions are not permitted. YOU UNDERSTAND AND** AGREE THAT BY ENTERING INTO THESE TERMS, YOU AND CHATFUEL ARE EACH WAIVING THE RIGHT TO TRIAL BY JURY OR TO PARTICIPATE IN A CLASS ACTION.

Miscellaneous. You will be responsible for paying, withholding, filing, and reporting all taxes, duties, and other governmental assessments associated with your activity in connection with the Services, provided that the Chatfuel may, in its sole discretion, do any of the foregoing on your behalf or for itself as it sees fit. The failure of either you or us to exercise, in any way, any right herein shall not be deemed a waiver of any further rights hereunder. If any provision of these Terms is found to be unenforceable or invalid, that provision will be limited or eliminated, to the minimum extent necessary, so that these Terms shall otherwise remain in

full force and effect and enforceable. You and Chatfuel agree that these Terms are the complete and exclusive statement of the mutual understanding between you and Chatfuel, and that it supersedes and cancels all previous written and oral agreements, communications and other understandings relating to the subject matter of these Terms. You hereby acknowledge and agree that you are not an employee, agent, partner, or joint venture of Chatfuel, and you do not have any authority of any kind to bind Chatfuel in any respect whatsoever. You and Chatfuel agree there are no third party beneficiaries intended under these Terms.

ensure such processing will only be rendered on behalf of and under the Instructions of Customer or Customer's Customers.

To the extent the processing involves international transfers of Customer Personal Data from jurisdictions that impose transfer requirements, the Parties agree to use appropriate transfer mechanisms, including:

- The EU Standard Contractual Clauses for the transfer of personal data to third countries, approved by Commission Implementing Decision (EU) 2021/914 of 4 June 2021, with the applicable modules (including, as needed, Module Two "Controller to Processor" and/or Module Three "Processor to Processor") (together, the "EU SCCs").
- Where required, the UK International Data Transfer Addendum and/or the UK International Data Transfer Agreement (IDTA) for transfers from the United Kingdom.
- Where required, the Swiss adaptation of the SCCs for transfers from Switzerland.

In the event of any conflict between this Chatfuel DPA and the applicable SCCs/IDTA/addenda solely with respect to international data transfers, the SCCs/IDTA/addenda will prevail to the extent of such conflict.

(a)   The purpose of these standard contractual clauses is to ensure compliance with the requirements of Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data (General Data Protection Regulation) (1) for the transfer of personal data to a third country.

(b)   The Parties:

(i) the natural or legal person(s), public authority/ies, agency/ies or other body/ies (hereinafter 'entity/ies') transferring the personal data, as listed in Annex I.A (hereinafter each 'data exporter'), and

(ii) the entity/ies in a third country receiving the personal data from the data exporter, directly or indirectly via another entity also Party to these Clauses, as listed in Annex I.A (hereinafter each 'data importer')

have agreed to these standard contractual clauses (hereinafter: 'Clauses').

(c)   These Clauses apply with respect to the transfer of personal data as specified in Annex I.B.

(d)   The Appendix to these Clauses containing the Annexes referred to therein forms an integral part of these Clauses.

Clause 2

Effect and invariability of the Clauses

(a) These Clauses set out appropriate safeguards, including enforceable data subject rights and effective legal remedies, pursuant to Article 46(1) and Article 46(2)(c) of Regulation (EU) 2016/679 and, with respect to data transfers from controllers to processors and/or processors to processors, standard contractual clauses pursuant to Article 28(7) of Regulation (EU) 2016/679, provided they are not modified, except to select the appropriate Module(s) or to add or update information in the Appendix. This does not prevent the Parties from including the standard contractual clauses laid down in these Clauses in a wider contract and/or to add other clauses or additional safeguards, provided that they do not contradict, directly or indirectly, these Clauses or prejudice the fundamental rights or freedoms of data subjects.

(b) These Clauses are without prejudice to obligations to which the data exporter is subject by virtue of Regulation (EU) 2016/679.

Clause 3

Third-party beneficiaries

(a) Data subjects may invoke and enforce these Clauses, as third-party beneficiaries, against the data exporter and/or data importer, with the following exceptions:

  (i) Clause 1, Clause 2, Clause 3, Clause 6, Clause 7;

  (ii) Clause 8 – Clause 8.1(b), 8.9(a), (c), (d) and (e); Module Three: Clause 8.1(a), (c) and (d) and Clause 8.9(a), (c), (d), (e), (f) and (g);

  (iii) Clause 9 –Clause 9(a), (c), (d) and (e); Module Three: Clause 9(a), (c), (d) and (e);

  (iv) Clause 12 –Clause 12(a), (d) and (f);

  (v) Clause 13;

  (vi) Clause 15.1(c), (d) and (e);

  (vii) Clause 16(e);

  (viii) Clause 18 – Clause 18(a) and (b).

(b) Paragraph (a) is without prejudice to rights of data subjects under Regulation (EU) 2016/679.

Clause 4

Interpretation

(a) Where these Clauses use terms that are defined in Regulation (EU) 2016/679, those terms shall have the same meaning as in that Regulation.

(b)   These Clauses shall be read and interpreted in the light of the provisions of Regulation (EU) 2016/679.

(c)   These Clauses shall not be interpreted in a way that conflicts with rights and obligations provided for in Regulation (EU) 2016/679.

Clause 5

Hierarchy

In the event of a contradiction between these Clauses and the provisions of related agreements between the Parties, existing at the time these Clauses are agreed or entered into thereafter, these Clauses shall prevail.

Clause 6

Description of the transfer(s)

The details of the transfer(s), and in particular the categories of personal data that are transferred and the purpose(s) for which they are transferred, are specified in Annex I.B.

SECTION II – OBLIGATIONS OF THE PARTIES

Clause 8

Data protection safeguards

The data exporter warrants that it has used reasonable efforts to determine that the data importer is able, through the implementation of appropriate technical and organisational measures, to satisfy its obligations under these Clauses.

8.1 Instructions

(a) The data importer shall process the personal data only on documented instructions from the data exporter. The data exporter may give such instructions throughout the duration of the contract.

(b) The data importer shall immediately inform the data exporter if it is unable to follow those instructions.

8.2 Purpose limitation

The data importer shall process the personal data only for the specific purpose(s) of the transfer, as set out in Annex I.B, unless on further instructions from the data exporter.

8.3 Transparency

On request, the data exporter shall make a copy of these Clauses, including the Appendix as completed by the Parties, available to the data subject free of charge. To the extent necessary to protect business secrets or other confidential information, including the measures described in Annex II and personal data, the data exporter may redact part of the text of the Appendix to these

Clauses prior to sharing a copy, but shall provide a meaningful summary where the data subject would otherwise not be able to understand the its content or exercise his/her rights. On request, the Parties shall provide the data subject with the reasons for the redactions, to the extent possible without revealing the redacted information. This Clause is without prejudice to the obligations of the data exporter under Articles 13 and 14 of Regulation (EU) 2016/679.

8.4 Accuracy

If the data importer becomes aware that the personal data it has received is inaccurate, or has become outdated, it shall inform the data exporter without undue delay. In this case, the data importer shall cooperate with the data exporter to erase or rectify the data.

8.5 Duration of processing and erasure or return of data

Processing by the data importer shall only take place for the duration specified in Annex I.B. After the end of the provision of the processing services, the data importer shall, at the choice of the data exporter, delete all personal data processed on behalf of the data exporter and certify to the data exporter that it has done so, or return to the data exporter all personal data processed on its behalf and delete existing copies. Until the data is deleted or returned, the data importer shall continue to ensure compliance with these Clauses. In case of local laws applicable to the data importer that prohibit return or deletion of the personal data, the data importer warrants that it will continue to ensure compliance with these Clauses and will only process it to the extent and for as long as required under that local law. This is without prejudice to Clause 14, in particular the requirement for the data importer under Clause 14(e) to notify the data exporter throughout the duration of the contract if it has reason to believe that it is or has become subject to laws or practices not in line with the requirements under Clause 14(a).

8.6 Security of processing

(a) The data importer and, during transmission, also the data exporter shall implement appropriate technical and organisational measures to ensure the security of the data, including protection against a breach of security leading to accidental or unlawful destruction, loss, alteration, unauthorised disclosure or access to that data (hereinafter 'personal data breach'). In assessing the appropriate level of security, the Parties shall take due account of the state of the art, the costs of implementation, the nature, scope, context and purpose(s) of processing and the risks involved in the processing for the data subjects. The Parties shall in particular consider having recourse to encryption or pseudonymisation, including during transmission, where the purpose of processing can be fulfilled in that manner. In case of pseudonymisation, the additional information for attributing the personal data to a specific data subject shall, where possible, remain under the exclusive control of the data exporter. In complying with its obligations under this paragraph, the data importer shall at least implement the technical and organisational measures specified in Annex II. The data importer shall carry out regular checks to ensure that these measures continue to provide an appropriate level of security.

(b) The data importer shall grant access to the personal data to members of its personnel only to the extent strictly necessary for the implementation, management and monitoring of the

contract. It shall ensure that persons authorised to process the personal data have committed themselves to confidentiality or are under an appropriate statutory obligation of confidentiality.

(c) In the event of a personal data breach concerning personal data processed by the data importer under these Clauses, the data importer shall take appropriate measures to address the breach, including measures to mitigate its adverse effects. The data importer shall also notify the data exporter without undue delay after having become aware of the breach. Such notification shall contain the details of a contact point where more information can be obtained, a description of the nature of the breach (including, where possible, categories and approximate number of data subjects and personal data records concerned), its likely consequences and the measures taken or proposed to address the breach including, where appropriate, measures to mitigate its possible adverse effects. Where, and in so far as, it is not possible to provide all information at the same time, the initial notification shall contain the information then available and further information shall, as it becomes available, subsequently be provided without undue delay.

(d) The data importer shall cooperate with and assist the data exporter to enable the data exporter to comply with its obligations under Regulation (EU) 2016/679, in particular to notify the competent supervisory authority and the affected data subjects, taking into account the nature of processing and the information available to the data importer.

8.7 Sensitive data

Where the transfer involves personal data revealing racial or ethnic origin, political opinions, religious or philosophical beliefs, or trade union membership, genetic data, or biometric data for the purpose of uniquely identifying a natural person, data concerning health or a person's sex life or sexual orientation, or data relating to criminal convictions and offences (hereinafter 'sensitive data'), the data importer shall apply the specific restrictions and/or additional safeguards described in Annex I.B. Customers are explicitly prohibited from processing special categories of data (Art. 9 GDPR) unless the Customer has obtained explicit consent and provided documented instructions to Chatfuel.

8.8 Onward transfers

The data importer shall only disclose the personal data to a third party on documented instructions from the data exporter. In addition, the data may only be disclosed to a third party located outside the European Union[1] (in the same country as the data importer or in another third country, hereinafter 'onward transfer') if the third party is or agrees to be bound by these Clauses, under the appropriate Module, or if:

(i) the onward transfer is to a country benefitting from an adequacy decision pursuant to Article 45 of Regulation (EU) 2016/679 that covers the onward transfer;

(ii) the third party otherwise ensures appropriate safeguards pursuant to Articles 46 or 47 Regulation of (EU) 2016/679 with respect to the processing in question;

(iii)   the onward transfer is necessary for the establishment, exercise or defence of legal claims in the context of specific administrative, regulatory or judicial proceedings; or

(iv)   the onward transfer is necessary in order to protect the vital interests of the data subject or of another natural person.

Any onward transfer is subject to compliance by the data importer with all the other safeguards under these Clauses, in particular purpose limitation.

8.9 Documentation and compliance

(a) The data importer shall promptly and adequately deal with enquiries from the data exporter that relate to the processing under these Clauses.

(b) The Parties shall be able to demonstrate compliance with these Clauses. In particular, the data importer shall keep appropriate documentation on the processing activities carried out on behalf of the data exporter.

(c) The data importer shall make available to the data exporter all information necessary to demonstrate compliance with the obligations set out in these Clauses and at the data exporter's request, allow for and contribute to audits of the processing activities covered by these Clauses, at reasonable intervals or if there are indications of non-compliance. In deciding on a review or audit, the data exporter may take into account relevant certifications held by the data importer.

(d) The data exporter may choose to conduct the audit by itself or mandate an independent auditor. Audits may include inspections at the premises or physical facilities of the data importer and shall, where appropriate, be carried out with reasonable notice.

(e) The Parties shall make the information referred to in paragraphs (b) and (c), including the results of any audits, available to the competent supervisory authority on request.

[1]   The Agreement on the European Economic Area (EEA Agreement) provides for the extension of the European Union's internal market to the three EEA States Iceland, Liechtenstein and Norway. The Union data protection legislation, including Regulation (EU)

2016/679, is covered by the EEA Agreement and has been incorporated into Annex XI thereto. Therefore, any disclosure by the data importer to a third party located in the EEA does not qualify as an onward transfer for the purpose of these Clauses.

MODULE THREE: Transfer processor to processor

Clause 8

Data protection safeguards

8.1 Instructions

(a) The data exporter has informed the data importer that it acts as processor under the instructions of its controller(s), which the data exporter shall make available to the data importer prior to processing.

(b) The data importer shall process the personal data only on documented instructions from the controller, as communicated to the data importer by the data exporter, and any additional documented instructions from the data exporter. Such additional instructions shall not conflict with the instructions from the controller. The controller or data exporter may give further documented instructions regarding the data processing throughout the duration of the contract.

(c) The data importer shall immediately inform the data exporter if it is unable to follow those instructions. Where the data importer is unable to follow the instructions from the controller, the data exporter shall immediately notify the controller.

(d) The data exporter warrants that it has imposed the same data protection obligations on the data importer as set out in the contract or other legal act under Union or Member State law between the controller and the data exporter (5).

8.2   Purpose limitation

The data importer shall process the personal data only for the specific purpose(s) of the transfer, as set out in Annex I. B., unless on further instructions from the controller, as communicated to the data importer by the data exporter, or from the data exporter.

8.3 Transparency

On request, the data exporter shall make a copy of these Clauses, including the Appendix as completed by the Parties, available to the data subject free of charge. To the extent necessary to protect business secrets or other confidential information, including personal data, the data exporter may redact part of the text of the Appendix prior to sharing a copy, but shall provide a meaningful summary where the data subject would otherwise not be able to understand its content or exercise his/her rights. On request, the Parties shall provide the data subject with the reasons for the redactions, to the extent possible without revealing the redacted information.

8.4 Accuracy

If the data importer becomes aware that the personal data it has received is inaccurate, or has become outdated, it shall inform the data exporter without undue delay. In this case, the data importer shall

cooperate with the data exporter to rectify or erase the data.

8.5 Duration of processing and erasure or return of data

Processing by the data importer shall only take place for the duration specified in Annex I.B. After the end of the provision of the processing services, the data importer shall, at the choice of the data exporter, delete all personal data processed on behalf of the controller and certify to the data exporter that it has done so, or return to the data exporter all personal data processed on its behalf and delete existing copies. Until the data is deleted or returned, the data importer shall continue to ensure compliance with these Clauses. In case of local laws applicable to the data importer that prohibit return or deletion of the personal data, the data importer warrants that it will continue to ensure compliance with these Clauses and will only process it to the extent and for as long as required under that local law. This is without prejudice to Clause 14, in particular the requirement for the data importer under Clause 14(e) to notify the data exporter throughout the duration of the contract if it has reason to believe that it is or has become subject to laws or practices not in line with the requirements under Clause 14(a).

8.6 Security of processing

(a)The data importer and, during transmission, also the data exporter shall implement appropriate technical and organisational measures to ensure the security of the data, including protection against a breach of security leading to accidental or unlawful destruction, loss, alteration, unauthorised disclosure or access to that data (hereinafter 'personal data breach'). In assessing the appropriate level of security, they shall take due account of the state of the art, the costs of implementation, the nature, scope, context and purpose(s) of processing and the risks involved in the processing for the data subject. The Parties shall in particular consider having recourse to encryption or pseudonymisation, including during transmission, where the purpose of processing can be fulfilled in that manner. In case of pseudonymisation, the additional information for attributing the personal data to a specific data subject shall, where possible, remain under the exclusive control of the data exporter or the controller. In complying with its obligations under this paragraph, the data importer shall at least implement the technical and organisational measures specified in Annex II. The data importer shall carry out regular checks to ensure that these measures continue to provide an appropriate level of security.

(b)The data importer shall grant access to the data to members of its personnel only to the extent strictly necessary for the implementation, management and monitoring of the contract. It shall ensure that persons authorised to process the personal data have committed themselves to confidentiality or are under an appropriate statutory obligation of confidentiality. In the event of a personal data breach concerning personal data processed by the data importer under these Clauses, the data importer shall take appropriate measures to address the breach, including measures to mitigate its adverse effects. The data importer shall also notify, without undue delay, the data exporter and, where appropriate and feasible, the controller after having become aware of the breach. Such notification shall contain the details of a contact point where more information can be obtained, a description of the nature of the breach (including, where possible,

categories and approximate number of data subjects and personal data records concerned), its likely consequences and the measures taken or proposed to address the data breach, including measures to mitigate its possible adverse effects. Where, and in so far as, it is not possible to provide all information at the same time, the initial notification shall contain the information then available and further information shall, as it becomes available, subsequently be provided without undue delay.

(c)   The data importer shall cooperate with and assist the data exporter to enable the data exporter to comply with its obligations under Regulation (EU) 2016/679, in particular to notify its controller so that the latter may in turn notify the competent supervisory authority and the affected data subjects, taking into account the nature of processing and the information available to the data importer.

8.7   Sensitive data

Where the transfer involves personal data revealing racial or ethnic origin, political opinions, religious or philosophical beliefs, or trade union membership, genetic data, or biometric data for the purpose of uniquely identifying a natural person, data concerning health or a person's sex life or sexual orientation, or data relating to criminal convictions and offences (hereinafter 'sensitive data'), the data importer shall apply the specific restrictions and/or additional safeguards set out in Annex I.B.

8.8   Onward transfers

The data importer shall only disclose the personal data to a third party on documented instructions from the controller, as communicated to the data importer by the data exporter. In addition, the data may only be disclosed to a third party located outside the European Union[2] (in the same country as the data importer or in another third country, hereinafter 'onward transfer') if the third party is or agrees to be bound by these Clauses, under the appropriate Module, or if:

(i) the onward transfer is to a country benefitting from an adequacy decision pursuant to Article 45 of Regulation (EU) 2016/679 that covers the onward transfer;

(ii) the third party otherwise ensures appropriate safeguards pursuant to Articles 46 or 47 of Regulation (EU) 2016/679;

(iii)   the onward transfer is necessary for the establishment, exercise or defense of legal claims in the context of specific administrative, regulatory or judicial proceedings; or

---

[2]   The Agreement on the European Economic Area (EEA Agreement) provides for the extension of the European Union's internal market to the three EEA States Iceland, Liechtenstein and Norway. The Union data protection legislation, including Regulation (EU) 2016/679, is covered by the EEA Agreement and has been incorporated into Annex XI thereto. Therefore, any disclosure by the data importer to a third party located in the EEA does not qualify as an onward transfer for the purposes of these Clauses.

(iv)   the onward transfer is necessary in order to protect the vital interests of the data subject or of another natural person.

Any onward transfer is subject to compliance by the data importer with all the other safeguards under these Clauses, in particular purpose limitation.

8.9   Documentation and compliance

(a)The data importer shall promptly and adequately deal with enquiries from the data exporter or the controller that relate to the processing under these Clauses.

(b)The Parties shall be able to demonstrate compliance with these Clauses. In particular, the data importer shall keep appropriate documentation on the processing activities carried out on behalf of the controller.

(c)The data importer shall make all information necessary to demonstrate compliance with the obligations set out in these Clauses available to the data exporter, which shall provide it to the controller.

(d)The data importer shall allow for and contribute to audits by the data exporter of the processing activities covered by these Clauses, at reasonable intervals or if there are indications of non-compliance. The same shall apply where the data exporter requests an audit on instructions of the controller. In deciding on an audit, the data exporter may take into account relevant certifications held by the data importer.

(e)Where the audit is carried out on the instructions of the controller, the data exporter shall make the results available to the controller.

(f) The data exporter may choose to conduct the audit by itself or mandate an independent auditor. Audits may include inspections at the premises or physical facilities of the data importer and shall, where appropriate, be carried out with reasonable notice.

(g)The Parties shall make the information referred to in paragraphs (b) and (c), including the results of any audits, available to the competent supervisory authority on request.

Clause 9
Use of sub-processors

(a) The data importer has the data exporter's general authorisation for the engagement of sub-processor(s) from an agreed list. The data importer shall specifically inform the data exporter in writing of any intended changes to that list through the addition or replacement of sub-processors at least two (2) weeks in advance, thereby giving the data exporter sufficient time to be able to object to such changes prior to the engagement of the sub-processor(s). The

data importer shall provide the data exporter with the information necessary to enable the data exporter to exercise its right to object.

(b) Where the data importer engages a sub-processor to carry out specific processing activities (on behalf of the data exporter), it shall do so by way of a written contract that provides for, in substance, the same data protection obligations as those binding the data importer under these Clauses, including in terms of third-party beneficiary rights for data subjects. (8) The Parties agree that, by complying with this Clause, the data importer fulfils its obligations under Clause 8.8. The data importer shall ensure that the sub-processor complies with the obligations to which the data importer is subject pursuant to these Clauses.

(c) The data importer shall provide, at the data exporter's request, a copy of such a sub-processor agreement and any subsequent amendments to the data exporter. To the extent necessary to protect business secrets or other confidential information, including personal data, the data importer may redact the text of the agreement prior to sharing a copy.

(d) The data importer shall remain fully responsible to the data exporter for the performance of the sub-processor's obligations under its contract with the data importer. The data importer shall notify the data exporter of any failure by the sub-processor to fulfil its obligations under that contract.

(e) The data importer shall agree a third-party beneficiary clause with the sub-processor whereby – in the event the data importer has factually disappeared, ceased to exist in law or has become insolvent – the data exporter shall have the right to terminate the sub-processor contract and to instruct the sub-processor to erase or return the personal data.

MODULE THREE: Transfer processor to processor

Clause 9

Use of sub-processors

(a) The data importer has the controller's general authorisation for the engagement of sub-processor(s) from an agreed list. The data importer shall specifically inform the controller in writing of any intended changes to that list through the addition or replacement of sub-processors at least two (2) weeks in advance, thereby giving the controller sufficient time to be able to object to such changes prior to the engagement of the sub-processor(s). The data importer shall provide the controller with the information necessary to enable the controller to exercise its right to object. The data importer shall inform the data exporter of the engagement of the sub-processor(s).

(b) Where the data importer engages a sub-processor to carry out specific processing activities (on behalf of the controller), it shall do so by way of a written contract that provides for, in substance, the same data protection obligations as those binding the data importer under

these Clauses, including in terms of third-party beneficiary rights for data subjects. The Parties agree that, by complying with this Clause, the data importer fulfils its obligations under Clause 8.8. The data importer shall ensure that the sub-processor complies with the obligations to which the data importer is subject pursuant to these Clauses.

(c)   The data importer shall provide, at the data exporter's or controller's request, a copy of such a sub-processor agreement and any subsequent amendments. To the extent necessary to protect business secrets or other confidential information, including personal data, the data importer may redact the text of the agreement prior to sharing a copy.

(d)   The data importer shall remain fully responsible to the data exporter for the performance of the sub-processor's obligations under its contract with the data importer. The data importer shall notify the data exporter of any failure by the sub-processor to fulfil its obligations under that contract.

(e)   The data importer shall agree a third-party beneficiary clause with the sub-processor whereby – in the event the data importer has factually disappeared, ceased to exist in law or has become insolvent – the data exporter shall have the right to terminate the sub-processor contract and to instruct the sub-processor to erase or return the personal data.

Clause 10

Data subject rights

(a)   The data importer shall promptly notify the data exporter of any request it has received from a data subject. It shall not respond to that request itself unless it has been authorised to do so by the data exporter.

(b)   The data importer shall assist the data exporter in fulfilling its obligations to respond to data subjects' requests for the exercise of their rights under Regulation (EU) 2016/679. In this regard, the Parties shall set out in Annex II the appropriate technical and organizational measures, taking into account the nature of the processing, by which the assistance shall be provided, as well as the scope and the extent of the assistance required.

(c)   In fulfilling its obligations under paragraphs (a) and (b), the data importer shall comply with the instructions from the data exporter.

MODULE THREE: Transfer processor to processor

Clause 10

Data subject rights

(a) The data importer shall promptly notify the data exporter and, where appropriate, the controller of any request it has received from a data subject, without responding to that request unless it has been authorised to do so by the controller.

(b) The data importer shall assist, where appropriate in cooperation with the data exporter, the controller in fulfilling its obligations to respond to data subjects' requests for the exercise of their rights under Regulation (EU) 2016/679 or Regulation (EU) 2018/1725, as applicable. In this regard, the Parties shall set out in Annex II the appropriate technical and organisational measures, taking into account the nature of the processing, by which the assistance shall be provided, as well as the scope and the extent of the assistance required.

(c) In fulfilling its obligations under paragraphs (a) and (b), the data importer shall comply with the instructions from the controller, as communicated by the data exporter.

Clause 11

Redress

(a) The data importer shall inform data subjects in a transparent and easily accessible format, through individual notice or on its website, of a contact point authorised to handle complaints. It shall deal promptly with any complaints it receives from a data subject.

(b) In case of a dispute between a data subject and one of the Parties as regards compliance with these Clauses, that Party shall use its best efforts to resolve the issue amicably in a timely fashion. The Parties shall keep each other informed about such disputes and, where appropriate, cooperate in resolving them.

(c) Where the data subject invokes a third-party beneficiary right pursuant to Clause 3, the data importer shall accept the decision of the data subject to:

(d) lodge a complaint with the supervisory authority in the Member State of his/her habitual residence or place of work, or the competent supervisory authority pursuant to Clause 13;

 (i)   refer the dispute to the competent courts within the meaning of Clause 18.

(e) The Parties accept that the data subject may be represented by a not-for-profit body, organization or association under the conditions set out in Article 80(1) of Regulation (EU) 2016/679.

(f) The data importer shall abide by a decision that is binding under the applicable EU or Member

State law.

(g) The data importer agrees that the choice made by the data subject will not prejudice his/her substantive and procedural rights to seek remedies in accordance with applicable laws.

Clause 12

Liability

(a) Each Party shall be liable to the other Party/ies for any damages it causes the other Party/ies by any breach of these Clauses.

(b) The data importer shall be liable to the data subject, and the data subject shall be entitled to receive compensation, for any material or non-material damages the data importer or its sub-processor causes the data subject by breaching the third-party beneficiary rights under these Clauses.

(c) Notwithstanding paragraph (b), the data exporter shall be liable to the data subject, and the data subject shall be entitled to receive compensation, for any material or non-material damages the data exporter or the data importer (or its sub-processor) causes the data subject by breaching the third-party beneficiary rights under these Clauses. This is without prejudice to the liability of the data exporter and, where the data exporter is a processor acting on behalf of a controller, to the liability of the controller under Regulation (EU) 2016/679 or Regulation (EU) 2018/1725, as applicable.

(d) The Parties agree that if the data exporter is held liable under paragraph (c) for damages caused by the data importer (or its sub-processor), it shall be entitled to claim back from the data importer that part of the compensation corresponding to the data importer's responsibility for the damage. Where more than one Party is responsible for any damage caused to the data subject as a result of a breach of these Clauses, all responsible Parties shall be jointly and severally liable and the data subject is entitled to bring an action in court against any of these Parties.

(e) The Parties agree that if one Party is held liable under paragraph (e), it shall be entitled to claim back from the other Party/ies that part of the compensation corresponding to its/their responsibility for the damage.

(f) The data importer may not invoke the conduct of a sub-processor to avoid its own liability.

Clause 13

Supervision

(a) Where the data exporter is established in an EU Member State: The supervisory authority with responsibility for ensuring compliance by the data exporter with Regulation (EU) 2016/679 as regards the data transfer, as indicated in Annex I.C, shall act as competent supervisory authority.

Where the data exporter is not established in an EU Member State, but falls within the territorial scope of application of Regulation (EU) 2016/679 in accordance with its Article 3(2) and has appointed a representative pursuant to Article 27(1) of Regulation (EU) 2016/679: The supervisory authority of the Member State in which the representative within the meaning of Article 27(1) of Regulation (EU) 2016/679 is established, as indicated in Annex I.C, shall act as competent supervisory authority.

Where the data exporter is not established in an EU Member State, but falls within the territorial scope of application of Regulation (EU) 2016/679 in accordance with its Article 3(2) without however having to appoint a representative pursuant to Article 27(2) of Regulation (EU) 2016/679: The supervisory authority of one of the Member States in which the data subjects whose personal data is transferred under these Clauses in relation to the offering of goods or services to them, or whose behaviour is monitored, are located, as indicated in Annex I.C, shall act as competent supervisory authority.

(b) The data importer agrees to submit itself to the jurisdiction of and cooperate with the competent supervisory authority in any procedures aimed at ensuring compliance with these Clauses. In particular, the data importer agrees to respond to enquiries, submit to audits and comply with the measures adopted by the supervisory authority, including remedial and compensatory measures. It shall provide the supervisory authority with written confirmation that the necessary actions have been taken.

SECTION III – LOCAL LAWS AND OBLIGATIONS IN CASE OF ACCESS BY PUBLIC AUTHORITIES

Clause 14

Local laws and practices affecting compliance with the Clauses

(a) The Parties warrant that they have no reason to believe that the laws and practices in the third country of destination applicable to the processing of the personal data by the data importer, including any requirements to disclose personal data or measures authorising access by public authorities, prevent the data importer from fulfilling its obligations under these Clauses. This is

based on the understanding that laws and practices that respect the essence of the fundamental rights and freedoms and do not exceed what is necessary and proportionate in a democratic society to safeguard one of the objectives listed in Article 23(1) of Regulation (EU) 2016/679, are not in contradiction with these Clauses.

(b) The Parties declare that in providing the warranty in paragraph (a), they have taken due account in particular of the following elements:

(i) the specific circumstances of the transfer, including the length of the processing chain, the number of actors involved and the transmission channels used; intended onward transfers; the type of recipient; the purpose of processing; the categories and format of the transferred personal data; the economic sector in which the transfer occurs; the storage location of the data transferred;

(ii) the laws and practices of the third country of destination– including those requiring the disclosure of data to public authorities or authorising access by such authorities – relevant in light of the specific circumstances of the transfer, and the applicable limitations and safeguards[3];

(iii) any relevant contractual, technical or organisational safeguards put in place to supplement the safeguards under these Clauses, including measures applied during transmission and to the processing of the personal data in the country of destination.

(c) The data importer warrants that, in carrying out the assessment under paragraph (b), it has made its best efforts to provide the data exporter with relevant information and agrees that it will continue to cooperate with the data exporter in ensuring compliance with these Clauses.

(d) The Parties agree to document the assessment under paragraph (b) and make it available to the competent supervisory authority on request.

---

[3] As regards the impact of such laws and practices on compliance with these Clauses, different elements may be considered as part of an overall assessment. Such elements may include relevant and documented practical experience with prior instances of requests for disclosure from public authorities, or the absence of such requests, covering a sufficiently representative time-frame. This refers in particular to internal records or other documentation, drawn up on a continuous basis in accordance with due diligence and certified at senior management level, provided that this information can be lawfully shared with third parties. Where this practical experience is relied upon to conclude that the data importer will not be prevented from complying with these Clauses, it needs to be supported by other relevant, objective elements, and it is for the Parties to consider carefully whether these elements together carry sufficient weight, in terms of their reliability and representativeness, to support this conclusion. In particular, the Parties have to take into account whether their practical experience is corroborated and not contradicted by publicly available or otherwise accessible, reliable information on the existence or absence of requests within the same sector and/or the application of the law in practice, such as case law and reports by independent oversight bodies.

(e) Following a notification pursuant to paragraph (e), or if the data exporter otherwise has reason to believe that the data importer can no longer fulfil its obligations under these Clauses, the data exporter shall promptly identify appropriate measures (e.g. technical or organisational measures to ensure security and confidentiality) to be adopted by the data exporter and/or data importer to address the situation [for Module Three:, if appropriate in consultation with the controller].. The data exporter shall suspend the data transfer if it considers that no appropriate safeguards for such transfer can be ensured, or if instructed by [for Module Three: the controller or] the competent supervisory authority to do so. In this case, the data exporter shall be entitled to terminate the contract, insofar as it concerns the processing of personal data under these Clauses. If the contract involves more than two Parties, the data exporter may exercise this right to termination only with respect to the relevant Party, unless the Parties have agreed otherwise. Where the contract is terminated pursuant to this Clause, Clause 16(d) and

(e) shall apply.

Clause 15

Obligations of the data importer in case of access by public authorities

15.1 Notification

(a) The data importer agrees to notify the data exporter and, where possible, the data subject promptly (if necessary with the help of the data exporter) if it: receives a legally binding request from a public authority, including judicial authorities, under the laws of the country of destination for the disclosure of personal data transferred pursuant to these Clauses; such notification shall include information about the personal data requested, the requesting authority, the legal basis for the request and the response provided; or

(i) becomes aware of any direct access by public authorities to personal data transferred pursuant to these Clauses in accordance with the laws of the country of destination; such notification shall include all information available to the importer.

[For Module Three: The data exporter shall forward the notification to the controller.]

(b) If the data importer is prohibited from notifying the data exporter and/or the data subject under the laws of the country of destination, the data importer agrees to use its best efforts to obtain a waiver of the prohibition, with a view to communicating as much information as possible, as soon as possible. The data importer agrees to document its best efforts in order to be able to demonstrate them on request of the data exporter.

(c) Where permissible under the laws of the country of destination, the data importer agrees to provide the data exporter, at regular intervals for the duration of the contract, with as much

relevant information as possible on the requests received (in particular, number of requests, type of data requested, requesting authority/ies, whether requests have been challenged and the outcome of such challenges, etc.). [For Module Three: The data exporter shall forward the information to the controller.]

(d) The data importer agrees to preserve the information pursuant to paragraphs (a) to (c) for the duration of the contract and make it available to the competent supervisory authority on request.

(e) Paragraphs (a) to (c) are without prejudice to the obligation of the data importer pursuant to Clause 14(e) and Clause 16 to inform the data exporter promptly where it is unable to comply with these Clauses.

15.2 Review of legality and data minimisation

(a) The data importer agrees to review the legality of the request for disclosure, in particular whether it remains within the powers granted to the requesting public authority, and to challenge the request if, after careful assessment, it concludes that there are reasonable grounds to consider that the request is unlawful under the laws of the country of destination, applicable obligations under international law and principles of international comity. The data importer shall, under the same conditions, pursue possibilities of appeal. When challenging a request, the data importer shall seek interim measures with a view to suspending the effects ofthe request until the competent judicial authority has decided on its merits. It shall not disclose the personal data requested until required to do so under the applicable procedural rules. These requirements are without prejudice to the obligations of the data importer under Clause 14(e).

(b) The data importer agrees to document its legal assessment and any challenge to the request for disclosure and, to the extent permissible under the laws of the country of destination, make the documentation available to the data exporter. It shall also make it available to the competent supervisory authority on request. [For Module Three: The data exporter shall make the assessment available to the controller.]

(c) The data importer agrees to provide the minimum amount of information permissible when responding to a request for disclosure, based on a reasonable interpretation of the request.

SECTION IV – FINAL PROVISIONS

Clause 16

Non-compliance with the Clauses and termination

(a) The data importer shall promptly inform the data exporter if it is unable to comply with these Clauses, for whatever reason.

(b) In the event that the data importer is in breach of these Clauses or unable to comply with these Clauses, the data exporter shall suspend the transfer of personal data to the data importer until compliance is again ensured or the contract is terminated. This is without prejudice to Clause 14(f).

(c) The data exporter shall be entitled to terminate the contract, insofar as it concerns the processing of personal data under these Clauses, where:

(i) the data exporter has suspended the transfer of personal data to the data importer pursuant to paragraph (b) and compliance with these Clauses is not restored within a reasonable time and in any event within one month of suspension;

(ii) the data importer is in substantial or persistent breach of these Clauses; or

(iii) the data importer fails to comply with a binding decision of a competent court or supervisory authority regarding its obligations under these Clauses. In these cases, it shall inform the competent supervisory authority of such non-compliance. Where the contract involves more than two Parties, the data exporter may exercise this right to termination only with respect to the relevant Party, unless the Parties have agreed otherwise.

(d) Personal data that has been transferred prior to the termination of the contract pursuant to paragraph (c) shall at the choice of the data exporter immediately be returned to the data exporter or deleted in its entirety. The same shall apply to any copies of the data. The data importer shall certify the deletion of the data to the data exporter. Until the data is deleted or returned, the data importer shall continue to ensure compliance with these Clauses. In case of local laws applicable to the data importer that prohibit the return or deletion of the transferred personal data, the data importer warrants that it will continue to ensure compliance with these Clauses and will only process the data to the extent and for as long as required under that local law.

(e) Either Party may revoke its agreement to be bound by these Clauses where (i) the European Commission adopts a decision pursuant to Article 45(3) of Regulation (EU) 2016/679 that covers the transfer of personal data to which these Clauses apply; or (ii) Regulation (EU) 2016/679 becomes part of the legal framework of the country to which the personal data is transferred. This is without prejudice to other obligations applying to the processing in question under Regulation (EU) 2016/679.

Clause 17

Governing law

These Clauses shall be governed by the law of one of the EU Member States, provided such law allows for third-party beneficiary rights. The Parties agree that this shall be the law of the Federal Republic of Germany.

Clause 18

Choice of forum and jurisdiction

(a) Any dispute arising from these Clauses shall be resolved by the courts of an EU Member State.

(b) The Parties agree that those shall be the courts of the Federal Republic of Germany.

(c) A data subject may also bring legal proceedings against the data exporter and/or data importer before the courts of the Member State in which he/she has his/her habitual residence.

(d) The Parties agree to submit themselves to the jurisdiction of such courts.

Rigorous third-party audits, such as by the British Standards Institute, verify adherence to the strict security controls these standards mandate.
- Power and telecommunications cabling carrying Customer Personal Data or supporting information services at the production data center are protected from interception, interference and damage.
- Production data centers and their equipment are physically protected against natural disasters, malicious attacks and accidents.
- Equipment at production data centers is protected from power failures and other disruptions caused by failures in supporting utilities, and is correctly maintained.

3.   Access control to systems:

Chatfuel's data processing systems are used only by approved, authenticated users.

Measures include:

- All releases to the production environment are additionally tested in an isolated staging environment, reviewed and approved before being deployed.

7.   Availability:

Customer Personal Data is protected from accidental destruction or loss, and there is timely access, restoration or availability to Customer Personal Data in the event of an incident.

Measures include:

- Chatfuel uses a high level of redundancy at the production data center so that an availability failure of a single system or component is unlikely to impact general availability.
- Chatfuel deploys its infrastructure only on reliable cloud providers whose data centers have multiple power supplies, generators on-site and with battery backup to safeguard power availability to the data center, and multiple access points to the Internet to safeguard connectivity.
- Chatfuel uses commercially reasonable efforts to create frequent backup copies of Customer Personal Data.
- Chatfuel has a system in place to ensure that any failures of backup to operate correctly are flagged and dealt with.

- Chatfuel uses a limited number of sub-processors to help it provide the Service. A list of individual sub-processors can be found in Exhibit B.

10.   Description of the specific technical and organisational measures to be taken by the to assist with the fulfillment of data subject requests (Clause 10 (b) SCC)

In order to for the data importer / Chatfuel to assist the data exporter / Customer with fulfilling its obligations to respond to data subjects' requests in accordance with Clause 10 (b) SCC, the Parties will set out the appropriate technical and organizational measures in the following, taking into account the nature of the processing, by which the assistance shall be provided, as well as the scope and the extent of the assistance required: Chatfuel has put in place technological measures which allow for the personal data of a specific data subject to be efficiently and quickly obtained, rectified, restricted or erased in order to assist the Customer and Customer's Customers with the fulfilment of data subject request. Furthermore, (i) work instructions have been put in place and (ii) a number of employees of Chatfuel have been trained on how to properly deal with data subject requests.

11.   Technical and Organizational Security Measures in relation to special categories of data (where applicable) (Appendix, Annex I B. SCC; Exhibit A)

If special categories of personal are processed as outlined in Exhibit A of the Chatfuel DPA, the applied restrictions or safeguards that fully take into consideration the nature of the data and the risks involved, such as for instance strict purpose limitation, access restrictions (including access only for staff having followed specialised training), keeping a record of access to the data, restrictions for onward transfers or additional security measures are: Please see Exhibit A, Section 5.

12.   For transfers to (sub-) processors, technical and organizational measures to be taken by the (sub-) processor to assist to the data exporter

For transfers to (sub-) processors, the technical and organizational measures to be taken by the (sub-) processor to be able to provide assistance to the data importer / Customer are: As stipulated in the right column of the table set out in Exhibit B of the Chatfuel DPA or, where applicable, in a separate document which Chatfuel uses to notify Customer in relation to sub-processors.

ANNEX III LIST OF SUB-PROCESSORS

The controller has authorized the use of the following sub-processors:

Not applicable as Option 2 of Clause 9(a) shall apply.

Exhibit D - Supplementary Measures for International Data Transfers

Chatfuel commits to implementing the following supplementary measures based on guidance provided by EU supervisory authorities in order to enhance the protection for Customer Personal Data in relation to the processing in a third country.

1.   Encryption

 a)   The personal data is <u>transmitted</u> (between the Parties and by Chatfuel between data centers as well as to a sub-processor and back) using strong encryption.

   Hereby, it is ensured that the encryption protocols employed are state-of-the-art and provide effective protection against active and passive attacks with resources known to be available to the public authorities of a third country, specific protective and state-of-the-art measures are used against active and passive attacks on the sending and receiving systems providing transport encryption, including tests for software vulnerabilities and possible backdoors, in case the transport encryption does not provide appropriate security by itself due to experience with vulnerabilities of the infrastructure or the software used, personal data is also encrypted end-to-end on the application layer using state-of-the-art encryption methods, the encryption algorithm and its parameterization (e.g., key length, operating mode, if applicable) conform to the state-of-the-art and can be considered robust against cryptanalysis performed by the public authorities when data is transiting to this third country taking into account the resources and technical capabilities (e.g., computing power for brute-force attacks) available to them[5], the strength of the encryption takes into account the specific time period during which the confidentiality of the encrypted personal data must be preserved, the encryption algorithm is implemented correctly and by properly maintained software without known vulnerabilities the conformity of which to the specification of the algorithm chosen has been verified, e.g., by certification, the keys are reliably managed (generated, administered, stored, if relevant, linked to the identity of the intended recipient, and revoked).

 b)   The personal data <u>at rest</u> is stored by Chatfuel using strong encryption.

   The encryption algorithm and its parameterization (e.g., key length, operating mode, if applicable) conform to the state-of-the-art and can be considered robust against cryptanalysis performed by the public authorities in the recipient country taking into account

[4]   EDPB, Recommendations 01/2020 on measures that supplement transfer tools to ensure compliance with the EU level of protection of personal data, V 2.0, 18 June 2021, Annex 2.

[5] For the assessment of the strength of encryption algorithms, their conformity with the state-of-the-art, and their robustness against cryptanalysis over time, Customer can rely on technical guidance published by official cybersecurity authorities of the EU and its member states. See e.g. ENISA Report « What is "state of the art" in IT security? », 2019, https://www.enisa.europa.eu/news/enisa-news/what-is-state-of-the-art-in-it-security; guidance given by the German Federal Office for Information Security in its Technical Guidelines of the TR-02102 series and "Algorithms, Key Size and Protocols Report (2018), H2020-ICT-2014 – Project 645421, D5.4, ECRYPT-CSA, 02/2018" at

the resources and technical capabilities (e.g., computing power for brute-force attacks) available to them[3]. The strength of the encryption and key length takes into account the specific time period during which the confidentiality of the encrypted personal data must be preserved. The encryption algorithm is implemented correctly and by properly maintained software without known vulnerabilities the conformity of which to the specification of the algorithm chosen has been verified, e.g., by certification. The keys are reliably managed (generated, administered, stored, if relevant, linked to the identity of an intended recipient, and revoked).

2. Organizational Measures

2.1 Transparency and accountability measures

Regular publication of transparency reports or summaries regarding governmental requests for access to data and the kind of reply provided, insofar publication is allowed by local law.

2.2 Organizational methods and data minimization measures

Already existing organizational requirements under the accountability principle, such as the adoption of strict and granular data access and confidentiality policies and best practices, based on a strict need-to-know principle. Data minimization should be considered in this regard, in order to limit the exposure of personal data to unauthorized access. For example, in some cases it might not be necessary to transfer certain data.

2.3 Others

Adoption and regular review by Chatfuel of internal policies to assess the suitability of the implemented complementary measures and identify and implement additional or alternative solutions when necessary, to ensure that an essentially equivalent level of protection to that guaranteed within the EEA of the personal data transferred is maintained.

3. Additional Contractual Measures

3.1 Transparency obligations

a) Chatfuel declares that (1) it has not purposefully created back doors or similar programming that could be used to access the system and/or personal data, (2) it has not purposefully created or changed its business processes in a manner that facilitates access to personal data or systems, and (3) that national law or government policy does not require Chatfuel to create or maintain back doors or to facilitate access to personal data or systems or for Chatfuel to be in possession or to hand over the encryption key.

b) Chatfuel will verify the validity of the information provided for the TIA questionnaire in regular intervals and provide notice to Customer in case of any changes without delay. Clause 14(e) SCC shall remain unaffected.

3.2   Obligations to take specific actions

In case of any order to disclose or to grant access to the personal data, Chatfuel commits to inform the requesting public authority of the incompatibility of the order with the safeguards contained in the Article 46 GDPR transfer tool and the resulting conflict of obligations for Chatfuel.

3.3   Empowering data subjects to exercise their rights

Chatfuel commits to fairly compensate the data subject for any material and non-material damage suffered because of the disclosure of his/her personal data transferred under the chosen transfer tool in violation of the commitments it contains.
Notwithstanding the foregoing, Chatfuel shall have no obligation to indemnify the data subject to the extent the data subject has already received compensation for the same damage.
Compensation is limited to material and non-material damages as provided in the GDPR and excludes consequential damages and all other damages not resulting from Chatfuel´s infringement of the GDPR.
